# Industrial Disease

## About Industrial Disease

It is acknowledged that working conditions impact upon employees and in some cases the physical and emotional health problems may not be evident immediately, as symptoms develop over a period of time.

We have handled substantial workplace illness or industrial disease claims arising from:-

- Asbestosis/mesothelioma
- Vibration white finger
- Skin disease
- Industrial deafness
- Work related stress
- Repetitive strain injury

There is a tendency in the market to appoint Solicitors to handle these claims but our skilled claims handlers provide a cost-effective alternative.

## Our Team

The Loss Adjusting team has a very strong skills set and is very experienced in dealing with all types of industrial disease claims.
